Instructions: Please meet with your advisor if you are planning to graduate and meet all internship requirements (see below) by Spring or Summer 2021. Plan all required courses for your degree and teaching major, with TE 301 and ISE 301 in Summer 2020, TE 403 and TE 404 in Fall 2020 and TE 405 and TE 406 in Spring 2021. All students wishing to be admitted with an accelerated program to Elementary Education, Special Education or Child Development must have this form signed by an advisor in 134 Erickson Hall during a scheduled appointment. You must return this form to the Student Affairs Office, 134 Erickson Hall by December 13, 2019. You will be required to sign-in showing that you have submitted the form. The acceleration option is dependent upon space availability in the FS21-SS22 internship cohort.

Fall Semester 2020       | Spring Semester 2021 | Summer Semester 2021 |
--------------------------|----------------------|----------------------|
TE 403 3 credits         | TE 405 3 credits     |                      |
TE 404 3 credits         |                      |                      |

Credits for graduation _________

All students must have a bachelor’s degree awarded before beginning the internship. In addition, students must have completed all teaching major, planned program and teacher education coursework. Students will be held to a minimum GPA of 2.5 for each of the following: university overall cumulative GPA, teaching major, and TE/CEP courses (with no individual grade below 2.0 in a TE/CEP course or course in the Elementary Planned Program). Students must also pass the Elementary Education MTTC subject test prior to the internship year.

I have reviewed the requirements and will be able to complete all coursework by the end of Summer Session 2021 so I am eligible to begin the internship in Fall Semester 2021, provided space is available.
